PROUDLY BUILT AGAINST THE GRAIN

FURNITURE MADE IN THE U.S.A.

After the launch of HGTV's *Home Town*, we were approached by overseas companies for furniture line development with national distribution. Growing up in North Carolina, Ben remembered the small factory towns that had been shuttered and left empty when manufacturing moved overseas. Thinking of the countless, American families who suffered in the aftermath, we knew there had to be a better way to make furniture.

Vaughan-Bassett, the largest manufacturer of wooden residential furniture in the United States, is committed to their hometown of Galax, Virginia, just like we are committed to our hometown of Laurel, Mississippi. We've partnered to create a cottage-inspired furniture line crafted by 600 American workers. LMC^o. Bungalow Home Collection is now available in stores across the United States. If we're going to be serious about revitalizing small town America, we have to be serious about making things in America.

The Bungalow Home Collection mixes together classic cottage forms with timeless details. Made of North American hardwood solids and hand selected oak and cherry veneers, the style is understated and casual. The case pieces do not go unnoticed, where the versatility of this collection is evident. With two dressers, two chests, and two nightstands the plethora of storage options and sizes work together harmoniously to fill practically any need. This collection features your choice of four bed styles.

A TREE FOR A TREE

We have partnered with Vaughan-Bassett because they are the largest manufacturer of wooden residential furniture in the United States, yet they are still rooted in the small-town community of Galax, Virginia.

It's no secret that their local craftsmen and the surrounding Appalachian forests create a rich environment for company growth and success.

For every Appalachian tree that is cut down to build the LMC[®] Collection, another tree is planted in its place. Together, we are making a sustainable future for America's small-towns, forests and companies.
